Ms. Hobgood:

I am a citizen of the United states and I have a right to this information, and you have no business demanding why I want this, or any other public information.

I asked you specific questions that I want answers to. Perhaps my Senator may have more success dealing with you than I have.

As expressed in my initial reply e-mail, I ask that you give some explanation as to why you are seeking the kinds of information. More or less, what are you wanting to accomplish in gathering all this information? Again, I await your response.

Sherada

Hi Ms. Hobgood,

Thank you for your suggestions regarding helping navigate the system. Would the following information be more easily available?

- Most recent MSDS
- Most recent 24c for Florida
- Required buffer zones for Florida
- Required buffer times
- Nearest distance can be applied to a difficult to evacuate facility
- Studies cited in granting Florida 24c

Sincerely,

(b) (6)

Hi... (b) (6)

You should be aware that the information you are requesting may not be readily or publically available, and therefore you will (most likely) need to submit a Freedom of Information Act (FOIA) request. However, this office can give guidance on how you can navigate to obtain specific and cited information in your quest, provided that you first give clear explanation and the reason for this "tall order".

I await your response.

Sherada
